Safety ...Teamwork...Accountability...Respect
*Strive to make our community a better place -
where everyone learns.*

Sagewood Elementary School
November 2016

WYOMING WEATHER

Outdoor Recess

The winter weather is descending upon us. Recess is held outdoors unless the temperature is below 0°, determined by the Sagewood office weather station. Please make sure your children are dressed for the season - coats, hats, mittens/gloves, boots, scarves, etc. Everyone needs fresh air and activity and we want them prepared for cold weather.

The Nurses Corner

Flu season is here. Influenza vaccine is a great prevention as well will help with symptoms if you do get the Influenza bug. Talk to your students about good handwashing, I will hopefully be talking in classrooms as well.

Cough and cold season is here, please remember district policy no over the counter medications at school without a Dr. order and Parent consent.

Drop Off/Pick Up

Please remember to keep the traffic flowing in the parking lot. Parking during drop off and pick up times in the through lane backs traffic up preventing others from entering the parking lot. If you need to park, please do so in the designated parking spaces.

Do you know what your child(ren)'s classroom mission is? That might be a great dinner conversation to have!

Discover Day

What is Discover Day? Discover is a learning opportunity for students and a community connection. The Discover program brings in guest speakers and presenters from around the community to provide students enriching and engaging activities including science and social studies. This month's Discover is on the morning of November 17th.

Conferences

Confirmation of conference time will go home on 10/31. Please visit with your child's teacher if you cannot attend the conference. We will be reviewing your child's progress reports during conferences.

Student Permissions

Thank you to everyone who has their student permissions in Infinite Campus Parent Portal. As of October 21st, Sagewood had 78% of families updated. This will be necessary information to continue the enrollment process in January and February. Please watch for enrollment process needs coming up this winter.

What Are We Learning?

NCSD Curriculum

Here is a link to the Natrona County School District Webpage that will show you more about the Common Core State Standards and how we have developed curriculum and progress towards curriculum development in all 9 content areas.
