

Sagewood October News

The weather is changing and it is Wyoming so please make sure that your child is coming to school prepared for what the day might bring. We will be outside as much as the weather allows us even if it is for an abbreviated recess.

Have you updated your information yet? We are completely online with the Parent Portal in Infinite Campus and it is important that if there have been any changes in address, phone number, emergency contacts etc. that it is updated so we are able to contact you. Also, if you haven't completed your free/reduced lunch applications please do so soon so you aren't being charged for meals if you qualify. Contact the office if you need support with this or if you need access to a computer.

Just a couple quick reminders. Crosswalks are important for the safety of students/families crossing the street and you will notice that we put them on the entrance/ext of the parking lot and there is one that cuts through the parking lot to support safety there. Please encourage your child to use the crosswalk and model this for them too. Also, gates are to be used when entering and exiting school grounds. There have been safety concerns with students climbing the fence to enter and exit the playground. Please support the safety of students by sending your child to the gate.

In keeping our focus on academics and behavior and in light of honoring all families religious and cultural beliefs we will be having small Halloween celebrations in each classroom, as this is the stance with the district to focus on academic and behavioral success. Classrooms will be communicating what the small celebration will look like via their newsletters or electronic apps so be watching for more information from your child's teacher.

All classes are working together to collect Box Tops, so send them in with your child. At September's PTO meeting it was decided to set school goals and celebrate along the way. Our big goal is to collect 5,000 so please send your boxtops to school and help us meet our goal. Our next PTO meeting will be on Tuesday, October 9th. I hope to see representation from all classrooms to support the great things that are happening.

The year is off to a great start, thank you for sharing your amazing children with us!
