Empowering a community of learners and leaders

The second semester is off to a good start. We are wrapping up our winter assessments with Fastbridge and WyTOPP and students are showing some great growth. Thank you for continuing to support your children and their education by having them to school on time daily, not just for testing but for all the great learning that is happening. Attached you will find three pages that are documents supporting the learning/ instruction in all classrooms. I wanted all parents to have copies and an understanding of the work that has happened behind the scenes to ensure that all students are getting a quality learning experience.

Our wonderful Wyoming weather is keeping us guessing daily and with this I wanted to remind everyone that we will follow district protocol when it comes to recess and extended time before/after school. After school we will release students as normal but if they have to wait for an extended amount of time we will take them back in the school and watch for rides to come to the student pick up area. Pick up will still be in the back of the building. I am still in the process of getting a shed for our playground. I have been working to get this project finalized and at this point we have a quote for the shed and will be moving forward with getting this installed. This will serve a couple different purposes. One, shelter for students waiting for parents to pick up after school. Two, it will house playground equipment for students to access easily for recess.

We are a little over halfway into the 18-19 school year and I am wanting to hear from Sagewood Families. Here is a link, <https://goo.gl/forms/AKFjIAej6WuJ1DIM2> that will take you to a quick survey. I have valued the feedback that parents have given me since I joined the great community of Sagewood last May and hope that you will take a couple minutes to complete this survey. The information without names will be shared out during PTO and with staff in hopes of making Sagewood even better than it already is.

This month our math goal team is sponsoring a family event, Muffins and Math. On Saturday, February 23rd at 10:00 all families are invited to come to school enjoy different math activities based off of learning that students are doing in class and eat some yummy muffins. We hope you will join us for some fun!

Thank you for your continued support of Sagewood.

:) Mrs. Lavin
